HOUSING

Persons seeking housing should check classified ads and rental signs. The renter should write out a budget to make sure he/she can afford rent, deposit, utilities, and other expenses. Once the person inspects the property, he/she should read the lease before signing it. A lease is a legal contract that offers protections to both renter and landlord. Subsidized housing for seniors, disabled, and low-income persons usually have waiting lists. Subsidized housing allows the renter to pay rent based on the household income, usually about 30% of gross income.

FINANCIAL & BASIC NEEDS

Financial assistance is limited. When a person needs cash financial assistance, he/she should first seek help from family, friends and his/her own resources (borrowing, working odd jobs, selling assets, trading, etc). Individuals are strongly discouraged from seeking assistance from churches, as most churches in the county contribute through the Ecumenical Assembly of Local Churches (Love Chapel). Persons with money management problems are encouraged to work with a financial counselor or attend budgeting classes. Financial assistance below is intended to offer one-time or limited-time assistance for specific bills.
